DETR Requests Employers to Submit First Quarter 2020 Employer's Contributions and Wage Reports Online As Soon As Possible; Employer Billing Statement for March Only Available Online

LAS VEGAS, NV — The Nevada Department of Employment, Training, and Rehabilitation (DETR) is requesting those employers who will close before the end of March to submit their first quarter 2020 Employer's Contributions and Wage Reports as soon as possible. Employers can utilize online services for filing and making payment. The advanced timeline applies only to reporting, with payment of any taxes not due until April 30, 2020.

Employers in Nevada are required under state administrative code to file all quarterly wage and tax reports electronically as those wages could be needed to establish claims for benefits by their employees. Compliance with the regulation is mandatory for all employers in Nevada. Online filing is available by going to <http://ui.nv.gov>. Additional information pertaining to the electronic filing can be found online or by calling (775) 684-6300.

Direct payments can be made through an online account or through a financial institution. Before making a UI direct payment for the first time, the [Automated Clearing House \(ACH\) Debit Authorization Request form](#) must be completed and faxed to (775) 684-6351 for approval.

"We ask employers in the Silver State to partner with us in support of the national and state directives to minimize risk to all Nevadans. We highly encourage employers to utilize our online services specifically tailored for employers. Our online services provide a convenient and safe way for employers to meet state reporting and payment requirements," said Dr. Tiffany Tyler-Garner, DETR director.

The Department of Employment, Training & Rehabilitation (DETR) is the state's lead workforce development agency. It consists of divisions that offer workforce related services, job placement and training, services for people with disabilities, investigation of claims of discrimination, unemployment insurance benefits, labor market data and more. Many of these services are provided through Nevada JobConnect career centers and in cooperation with its community partners.
