Subject: Still No Equality in Youth Sports-Reclassification of Water Polo

Governor, NV Task Force, Department of Business & Industry,

This email is to implore you to reconsider your stance on reclassifying water polo in order to allow Nevada athletes to pursue the sport they love, safely. You and taskforce leaders have been shown our argument and supporting data for a safe return to play.

We cannot help but feel that we are not prioritized when it comes to youth sports. Is it because we aren't a casino? Maybe we don't know the right "people" or political figure? Perhaps we don't have a strong lobby or money to get noticed. We are, after all, just a non-profit sports team. However, we are water polo players with passion and love for this sport. We pride ourselves in coaching and teaching all levels of play from beginners in splash ball to sending our high school players to division one collegiate teams.

Sadly, your denial in today's meeting with the Coronavirus Response Director gave us no path to return to play. **No proof to refute that our sport is unsafe has been provided** and you are allowing other sports, in the same classification as water polo, the ability to play games and host tournaments. We are asking for the same consideration and consistency in the decision making process.

HOW CAN THIS BE APPROVED AND NOT WATER POLO!?! THIS IS HAPPENING NOW IN OUR TOWN. [CLICK HERE TO SEE A PACKED HOUSE AT THE POOL!](#)

Fact - Hockey is having games weekly and it even says on [their website](#) (scroll down to 2021 Schedule). I have seen these games and can send you videos to support my claim. Look at the first sentence on that page. It says MORE GAMES! Was their approval supposed to be a secret?

Fact - Department of Business and Industry has approved an application to [host a hockey tournament March 19-22](#). **How is a sport that is classified as prohibited under [current guidelines](#) able to acquire such an approval? [They are even noted here as being classified as high contact sport \(second paragraph\)](#).** Dept of B&I claims the tournament will not allow "checking" and that is how they were approved. Is that the only contact in hockey? What about faceoffs? Defense on the puck? Fighting for the puck on the boards? Can they guarantee all that will not happen at this tournament? And if it does happen, will the event be canceled. Doesn't sound like hockey if they can't do those things. Rest assured they will.

Fact - You mentioned you can't make an exception for a single sport. This statement is false. You just reclassified Lacrosse and you are allowing hockey games events without reclassification.

Fact - While I am happy for Lacrosse and Hockey, I have the same passion for my sport as they do. I hope to join them in their path to return to play.

Please explain to me why you can't approve our request to be able to have contact in our practices and the ability to have games while others in the Battle Born State of Nevada are?. We are soccer, basketball, football, lacrosse, and hockey (all approved) DIPPED IN CHLORINE! Chlorine is a disinfectant that kills the virus!

Our view, based on scientific data, is that water polo has been inaccurately classified as a "high risk of transmission" sport. In fact, since water polo is played in a highly chlorinated environment (which kills the COVID-19 virus), when combined with proper on-deck protocols, water polo is safe and represents an extremely low risk of transmission.

When playing water polo, faces and bodies are frequently submerged, immediately killing the virus. The positive effects of chlorine are not just limited to the water. Chlorine gas hovers above the water's surface acting as an additional disinfectant. The Centers for Disease Control (CDC) has reported that there is NO evidence of COVID-19 transmission through swimming pools, while the World Health Organization (WHO) has also identified only a limited risk of contamination and illness at well-managed facilities.

Please reach out to us so we can work this out together. We need your leadership on this Governor.

Thank You,

--
