**In Case You Missed It: Resumption of Normal Open Meeting Law  
requirements on June 1**

Carson City, NV — Today, the Nevada Health Response is reminding Nevadans that relaxed requirements related to Nevada's Open Meeting Law will be terminated effective June 1, 2021.

Early on in the pandemic, Governor Steve Sisolak signed [Emergency Directive 006](#), which allowed for online and virtual meetings of public bodies. That directive will no longer be in effect as of 11:59 p.m. on May 31, per [Emergency Directive 044](#), as the State continues toward a full economic reopening by the goal of June 1.

Public bodies should be prepared to resume in-person meetings subject to the Open Meeting Law at that time.
